

## CASH BONUS EYED TO HELP BUILD UP GUARD, RESERVES

### Indian Show Is Big Success

#### Over 10,000 Persons Attend Berrien Pow Wow

BERRIEN SPRINGS—Over 10,000 persons converged on the Berrien County Youth Fairgrounds this weekend to see ancient Indian rites, taste Indian food and purchase Indian wares.

The event was the first annual All-Indian Pow Wow which was sponsored by the Potawatomi Indians of Indiana and Michigan, Inc.

Members of the 10 tribes

participating in the Pow Wow coming from as far away as Canada and Oklahoma. In addition to the Potawatomis, Indians from the Sac and Fox, Ottawa, Chippewa, Miami, Winnebago, Sioux, Kowa and Cherokee tribes participated.

James Topash of Buchanan, co-chairman of the Pow Wow, estimated over 10,000 attended the event in addition to the Indians. Wilbur Shagonaby of Berrien Springs was the other co-chairman.

Highlight of the Pow Wow, which means ceremony or conference, was the Indian dancing competition. There were four categories including men, women, children, and fancy dancers. The fancy dancers were for young men and the winner was Sugar Bear of Canada.

**OPENED WITH PRAYER**  
The Pow Wow opened with Indian treasurer Paul Hamilton of Niles giving a ritual prayer and Chippewa Indian Medicine man John Shano of Detroit blessing the grounds and driving away the evil spirits.

Topash said the traders on Trader's Row, sold out most of the Indian wares they had for sale during the Pow Wow. Also on display were treaties and maps belonging to the Indians.

John Bosin, a Kiowa, was the lead drummer for the dances. Topash said the attendance by the public encouraged the Indians to try to make the Pow Wow an annual affair.

**LITTLE INDIAN:** Roger Stalzer, Muskegon, two-year-old grandson of Chippewa Indian Chief Shalfoe, was among the youngest performers at All-Indian Pow Wow this weekend at Berrien County Youth fairgrounds in Berrien Springs.

**YOUNG, OLD MEET:** Young blended with old during first annual All-Indian Pow Wow over weekend in Berrien Springs. John Bush, left, a Potawatomi Indian from Wayland, added sunglasses to traditional Indian garb. John Shano, right, a Chippewa medicine man from Ferndale, views proceedings with a serious eye. ### Veterans Are Sought For Forces

#### Back-Up Units Face Big Shortage

WASHINGTON (AP) — The Pentagon is considering special cash bonuses to lure young military veterans into the National Guard and the reserves.

Officials declined to say how big such bonuses might be, but one authority said "they'd be enough for a young fella to make a down payment on a car."

Some key authorities believe bonuses, along with other benefit inducements, may be necessary to keep the guard and reserve at full strength as draft calls decline.

#### NEVER BEFORE TRIED

Officials also view this approach—never before tried with the reserves—as a way to build up the combat readiness of the backup forces by attracting men with service experience.

If approved, the bonuses would be offered only to what are called "prior service personnel" for both enlistment and re-enlistment in the guard or reserve.

Legislation would be required to authorize such payments.

Secretary of Defense Melvin R. Laird has stressed his belief that the nation's nearly one million man guard-reserve structure will become increasingly important in the coming years as the size of U.S. regular forces is cut.

The biggest problem facing the Pentagon in maintaining the strength of the backup forces centers in the Army National Guard and Army reserve.

These elements, totaling some 660,000 men, are filled to a substantial extent now with young men who chose to duck the draft by spending six to 10 months on active duty and the balance of six years in the guard or reserve.

As the draft takes fewer young men, the incentive to sign up in the guard and reserve is diminishing, and a top National Guard official said recently "the days of waiting lists and long backlogs of men waiting to enter the guard appear to be over."

**HONORED FOR HEROISM:** Freddie L. Moore, 25, a 1965 graduate of Benton Harbor high school, is to receive the Navy Cross Tuesday for extraordinary heroism on Aug. 12, 1969, while serving as a Marine in Vietnam combat. With him is his wife, Gloria, a registered surgical nurse at Benton Harbor's Mercy hospital. He served in Vietnam from February, 1969 to late January, 1970, and was wounded a short time before his return to the United States. The Navy Cross is the nation's second highest military award. (Staff photo)

## BH Viet Veteran Gets Navy Cross

### Ex-Marine Freddie Moore

By TOM BRUNDRETT  
Staff Writer

Ex-Marine Freddie L. Moore, 25, of 593 1/2 Territorial avenue, Benton Harbor, is scheduled to receive the nation's second highest military award for combat heroism Tuesday.

The 1965 graduate of Benton Harbor high school is to be presented with the Navy Cross at 2 p.m. at Kennedy Memorial park beside the Benton Harbor municipal building on Wall street. The ceremony will be shifted inside in case of bad weather.

The Navy Cross is second only to the Congressional Medal of Honor and is awarded for extraordinary heroism, outstanding courage, leadership and actions going beyond the call of duty during combat. It is issued by the President.

Moore is to receive the honor for saving the lives of two wounded companions during a pitched battle while he was serving in Vietnam and leading the remnants of his unit to their objective despite overwhelming enemy odds. He is also cited for being instrumental in bringing about ultimate victory in the fight. The episode occurred on August 12, 1969.

**SQUAD LEADER**  
Moore was an acting squad leader with Company B, 1st Battalion, 7th Regiment, 1st Marine Division at the time. He was later promoted to Lance Corporal.

Moore said the battle, which started Aug. 12, 1969, raged three days. It occurred about 40 miles from Chu Lai. An estimated 400 of the enemy were

slain. "To say I wasn't scared would be a lie," said Moore, now a machinist at the Bendix corporation Hydraulics division. "But there was a need to do it, so I did it. If I had thought about it first, I wouldn't have." Moore said the battle erupted in the early morning hours when a company patrol was trapped by enemy fire a short

distance from where the rest of company had camped for the night. Moore said he led his squad and another squad to help the patrol. The enemy opened fire as they neared the trapped patrol and pinned them down. Moore said the enemy was firing from both a rice paddy

**THEY LAUGHED AT HER:** Janis Joplin, 27-year-old singing superstar, enjoying a drink in her suburban Larkspur, Calif. home, has come a long way since her rocky childhood in Port Arthur, Tex. She says: "I'm going to my 10th high school reunion with bells and feathers, and I'm gonna say 'Remember me, man—you laughed me out of class. What are you doing—still pumping gas?'" Her knockdown brassy style has won her two gold records and fame among devotees of acid rock and blues sounds. (AP Wirephoto)

## Area Highway Study Commission

Any reader driving into Chicago with fair regularity is aware the Windy City's expressway system is something less than a motoring pleasure.

Traffic on the Dan Ryan, highly touted at its opening a few years ago as the final answer to the inner city driving, resembles a small snake swallowing an outside rodent.

More recently the local news reports from the Chicago media have provided the spicy argument between Governor Ogilvie, a Republican, and Mayor Daley, a Democrat, on saving the city's transportation system from itself.

The Honorable Daley wants the state treasury to bale out the faltering Chicago Transit Authority and to go with the new Crosstown Expressway simultaneously.

This Crosstown Expressway has been on the drawing boards for better than a decade. The only new idea about it is that inflation and a re-design of the road has boosted the original estimated cost from \$200 million to \$1 billion.

The Honorable Ogilvie is determined that the Honorable Daley get down to the mat on the terribly painful subject of asking his constituents to foot a fairly sizeable chunk of the cost for either or both plans.

Our area has been blessed with an absence of partisan politics designing its highways, but it has not escaped the parochial bickering which at mile intervals would change a road's course for strictly local benefit.

Only until a few months ago was it possible to shift the projected US-31 Expressway from east of Berrien Springs where it would benefit no one except a few property owners anxious to sell their land to the west side of town where it will serve the entire midsection of Berrien county.

Hung up in court by St. Joseph Township is the final bit of right of way for an I-94 penetrator which, among other things, will key in to the sorely needed US-31 Expressway.

By way of bringing a coordinated view to the local transportation scheme, a Twin Cities Metropolitan Area Transportation Study Unit was put together last week.

Its hub members are the mayors of St. Joseph and Benton Harbor, the supervisors of Benton, Lincoln, Royalty, St. Joseph and Sodus townships, and the mayors of Shoreham and Stevensville.

These are the elected spokesmen for the political units within the larger socio-economic Twin Cities area.

## Public Land Review

Carve a chunk out of the United States the size of India and some appreciation is gained of the extent of the land mass owned by the federal government. While concentrated largely in the western states, public lands can be found in almost every state.

Some of it is devoted to national parks, some is leased to private operators for the extraction of natural resources. Conservation practices are stressed on much of it. A very small part is still available under the Homestead Act.

Over the years numerous

The county planning commission, the county highway department, and the county board of commissioners, through their designated representatives, also are a part of the inner circle.

An additional number of public or semi-public agencies help to round out the core structure.

St. Joseph's Mayor Ehrenberg has been named as temporary chairman.

The Study Unit is not another agency overlaying and overlapping the plethora of political identities already struggling with problems beyond their individual power to meet.

It can not spend any money. The members will pay their own meals if they decide a luncheon is the best way to reach an understanding between themselves.

Nor can it tax anyone to sustain its activity.

It is, as its name indicates, a committee to research road requirements for a sizeable portion of Berrien county, its wealthiest and also its most frustrated area.

In the words of Robert S. Boatman, chief of the State Highway Department's planning section, "I guess we're creating super salesmen, I hope."

Since Boatman's department will have to come up with the money for most of what the Study Unit may recommend, his description is to the point. It will be the Unit's members' job to sell their ideas to the public.

The Study Unit is one of several which the Highway Department has prompted throughout the state and more are to come.

One purpose is to tone down as much as possible the quibbling from one political boundary line to the next which unnecessarily hobbles the Department in expeditiously laying out highway schematics designed to meet areawide conditions and future developments.

The farther reaching purpose is to get the state level and the local levels voluntarily looking through the same telescope.

Highways are one of the most expensive services provided by government.

How much this cost has been needlessly raised because the state and local authorities fought over design schedules is impossible to measure.

All that is reasonably suspected is that there has been over costing at under servicing in the past, and the latter prolongs its wasted effect into the future.

Essentially the Study Unit is to thresh the wheat from the chaff, to get more mileage from the highway dollar, and to keep Ogilvie vs. Daley cat fights away from our fences.

agencies have assumed authority for administering the land and a confusing array of regulations, manuals and guidelines for its use are one result. This is one of the points criticized by the special federal commission which spent five years and \$7 million reviewing the public land programs.

A thorough overhaul of the laws now governing public lands and tighter congressional control over the vast area were two of the principal recommendations of the panel, which touched on almost every law now on the books. It even recommended repeal of the Homestead Act.

Significant by its omission among the commission's recommendations was any mention of diverting some of the land to private ownership. In view of the population expansion which has occurred in recent years, that is one consideration Congress may wish to take up on its own.

The largest Japanese garden in history has been created at the World Exposition in Osaka. On 64 acres, the Japanese have arranged 28 separate flower gardens and 98 species of trees to enable Expo 70 visitors to see the different types of gardens found in Japan, the National Geographic Society says.

## It's Not That Dark

## GLANCING BACKWARDS

### GUESS WHO'S INVITED

—1 Year Ago—  
Ambassador Anatoly F. Dobrynin of the Soviet Union has accepted an invitation to watch next week's launch of Apollo 11. If he comes he will be the first Russian to visit Cape Kennedy. Officials privately hope his attendance would mean a similar invitation from the Russians.

### 2.5 MILLS FOR ST. JOE SCHOOLS

—10 Years Ago—  
The Citizens Advisory Committee finished the first phase of its work Monday night by recommending an emergency tax of 2.5 mills annually for the next three years, including the 1960-61 term to help operate the St. Joseph public school system. If the report is adopted by the school board and approved later this summer by the voters, this would bring the 1960-61 school

tax up to just over 12 mills.

### JAPANESE WIN BURMA DEMAND

—30 Years Ago—  
Reliable sources reported today that Great Britain has now agreed to ban shipment of war material including munitions and gasoline to China over the Burma road in response to a Japanese demand which previously had been rejected.

This represented a compromise these sources said, the British declining to prohibit shipment of "all foods and materials" over the route, as Japan had demanded.

### BURR-R

—40 Years Ago—  
St. Joseph citizens who Sunday afternoon baked in a blistering sun were hunting for their topcoats as a chilly breeze sent the mercury scooting downward. This morning thermometers here registered 52,

dropping from 98 degrees yesterday.

### NEW LIGHTS

—50 Years Ago—  
Benjamin Rimes, chairman of the curb lighting committee of the chamber of commerce, announced to the executive board that the city council will defray one-third of the cost of installing the lighting system outlined and will maintain the system after its installation.

### NEW WALL

—60 Years Ago—  
The grounds surrounding the lighthouse keepers house on the north shore are being filled and graded and a cement wall built to separate the grounds from the beach.

### BICYCLE TRIP

—80 Years Ago—  
Little Roy Herr, son of John Herr, rode out to Fair Plain on his bicycle to visit his aunt, Miss Crittendon.

## EDITOR'S MAILBAG

Editor,  
The Herald-Press:

### SEEKS BAN ON REACTOR PLANTS

Governor William Milliken  
Office of the Governor  
State of Michigan  
Lansing, Michigan, 48903

Dear Governor Milliken:

This letter is to request that you and your administration actively seek a ban on nuclear reactors on the shores of Lake Michigan.

### BACKGROUND:

The hearings in progress at Kalamazoo by the AEC Licensing Board with regard to the provisional operation license for the Palisades Plant of Consumers Power Company have produced indication that the AEC will seek or consent to oversee water quality effects of nuclear reactors, including thermal effects. The passage of laws by the Congress of the United States in 1959 and 1970, namely, the Federal Water Quality Act, and the National Environmental Protection Act, require both a broader interpretation of the Atomic Energy Act than the AEC has previously been willing to assume and active steps by the AEC to enhance the environment.

With the AEC about to enter jurisdiction formerly held by the Department of Interior and the several states, a new opportunity arises to control our environment. Concise leadership on the part of the state of Michigan, due primarily to our central location and important dependence on the Great Lakes, can be greatly rewarding for decades and centuries to come.

**SPECIFIC TECHNICAL:**  
Elimination of thermal effects by use of cooling towers, and prohibition of discharging radioactive liquid waste to the lake as an operational practice, may well come from AEC activities. These moves are inadequate to protect Lake Michigan.

The maximum accident involving a nuclear reactor on the shore of Lake Michigan is to picture it chopped into small bits and dumped into the lake. This accident, however remote the possibility, would be unpleasant to Michigan. The 100-year holdup time of Lake Michigan would mean elimination of the resort and farming industries for decades. The source of drinking water for millions of people would be contaminated. The radioactivity

Editor,  
The Herald-Press:

### HE WILL LEAD ME

Wherever I am in pasture or in desert land,  
I know He is always there to hold my hand;  
He is with me in sunshine warm and bright,  
He protects me in the darkest night.

If I live on hilltops high and fair,  
Or in sunless valleys, He is always there;  
I may not understand His blessed way,  
I know He would not let me go astray.

If roads are rough or go uphill or wind,  
I know He is with me and I do not mind;  
I thank you Lord whatever you do to me,  
A beautiful future by You I do see.

Ulrich ("Rosie") Rosenhagen  
601 Port St.  
St. Joseph

passing through the Great Lakes and the St. Lawrence River would imperil millions more.

### ECONOMIC:

If the alternative were EITHER nuclear reactors OR no electricity, this letter would not be written. But in truth, the economic tradeoff involved in this matter has not been discussed, let alone decided in a dispassionate manner. And an economic tradeoff does exist. Nuclear reactors cited on Lake Michigan get cheap cooling water. Non-evaporative cooling towers, which would permit the plants to be sited in inland regions of low population density, add to the cost of plant investment. The question involves "How much" and "Is it worth it." A Maryland report on the Calvert Cliffs plant presents estimates of \$28 million and \$40 million for additional plant investment in increase at 20 per cent for non-evaporative cooling towers, and recognizing that the cost of producing electricity is a minor fraction of the "delivered" charge to the consumer, the added cost to the public would be less than 10 per cent on the electric bill.

### EVALUATION:

The evaluation requires the tradeoff of less-than-10 per cent on the electric bill, known and regular, against the cost (colossal) of an event of unpredictable rarity (gross disintegration of a nuclear reactor). Considering the unique properties of Lake Michigan, true wisdom requires us to choose the course of accepting the nominal in-

crease in exchange for preventing the rare possibility of catastrophe to the lake.

### PRACTICAL PRESENT:

It is my request that you, as Governor of this state, take the leadership in the administration of state government by undertaking steps that will produce a ban on nuclear reactors on Lake Michigan. In concert with the AEC, the Department of Interior, and the governmental units of the other states fronting on Lake Michigan, this ban should be worked out with dispatch.

W. D. Mohr, P.E.  
152 Orchard Lane  
Benton Harbor

### WILLIAM RITT

## You're Telling Me!

Hong Kong's Sing Tao Sports Club claims a world record after cramming 38 persons into a small foreign car. Any other group trying to beat that mark will find the odds are stacked against it.

On reading about that Hong Kong small car jamming feat, Grandpappy Jenkins says he thought that Singers' Midgits — remember that show biz troupe? — were no longer active.

Those Free Bat Days so many ball clubs have been holding must be for real stick-to-the-finish fans.

## DR. COLEMAN

## ..And Speaking Of Your Health

Is there any medical reason why so many children seem to be born in the middle of the night? I have had four and each was born with the same frenzied rush at four in the morning. With my fifth on the way I hope he or she can see daylight first.

Mrs. J. C. N. Georgia  
Dear Mrs. N.: Although I don't know the exact statistics, I would venture to say that more children are born during the day than during the night. I am certain that there is no significant reason why your night visitors arrive amidst the frenzy you speak of. After a woman has had more than one or two children, the ease of giving birth increases and the rapidly with which the final stages of labor occur tends to increase the anxiety about getting to the hospital on time.

There now is a tendency for doctors and obstetricians to control the actual time of delivery so that they, too, need not be deprived of a good wholesome night's rest. Dr. Melvin Stone, an obstetrical specialist in New York City, said in a personal note to me:

"We now are able to safely control the time of birth in many selected cases. This relieves the patient of many long hours of labor and has the added advantage of a doctor who is rested and functioning at his maximum capacity. This has all been made possible by the careful use of a hormone from the pituitary gland in the brain with which the doctor can begin active labor almost at will. The hormone used to induce labor stimulates the muscles of the uterus or womb and causes them to contract to advance the birth process. There are many advantages to use of this drug when it is employed in carefully chosen cases. I hope the day is a lovely one when your welcome

fifth first sees the light of day.

Our two-year-old baby has a rare condition, Von Recklinghausen's disease. We can't find any encouraging information about the disease and wonder if we can be directed to a source?

Mr. and Mrs. E. B., Toronto, Canada

Dear Mr. and Mrs. B.: This relatively rare condition is a result of faulty birth development. Its real cause is as yet unknown. Small tumors are found in certain nerves of the body and are responsible for many of the symptoms that occur.

The reason that the literature, both medical and for the lay public, is sparse, is that so little is known about this disorder. At the National Institutes of Health in Bethesda, Maryland, and at the Rockefeller University in New York City, scientific study is constantly in progress to learn more about the cause and the control of Von Recklinghausen's disease. Your own physician is in the best position to direct you in finding the new hope that may lie in some of the modern scientific studies.

Can a laxative taken for more than thirty years do any permanent damage to the bowels?

Mr. L. G., West Virginia  
Dear Mr. G.: Thirty years is a long time and if you have not been adversely affected by it now, I doubt if you should worry. You might ask your doctor why you need this laxative and try to break the habit.

**SPEAKING OF YOUR HEALTH:** Good dental care is particularly important during pregnancy.

Dr. Lester Coleman has prepared a special booklet for readers of the column entitled, "Pay Attention to Your Heart." For your copy, send 25 cents in coin and a large, self-addressed 6-cent stamped envelope to Lester L. Coleman, M.D., P.O. Box 510, Grand Central Station, New York, N. Y. 10017. Please mention the booklet by title.

Opening lead — king of diamonds.

One naturally expects the players in world championships to produce the best brand of bridge possible, but the sad truth is that the participants do not always live up to this expectancy.

Consider this deal which arose in the women's pairs of the 1966 World Olympiad. A contract of three notrump was reached at 4 of the 22 tables in play, but at only one of them was the contract defeated.

## BENNET CERF

## Try And Stop Me

A reckless young motorist noticed a motorcycle cop alongside of him while waiting for a red light to change and asked, "Say, how do I get to the State Prison from here?" The cop assured him, "Just keep on driving the way you have."

Bob Sylvester confesses that his wife no longer will let him take her to dances promoted by astrology devotees. She says he kept stepping on her capricorns. Bob also admits he's arm-weary these days. Too much pulling out those folded pictures of unclad damsels in the men's magazines.

"This is the latest improvement in thermos bottles," a hawker told a hayseed at a state fair. "It can keep a cup of coffee blazing hot for twelve hours. It can keep lemonade ice cold for the same length of time." "Heavens," marveled the hayseed. "How does it know which to do?"

A young lady who got a good job immediately, answered two of the questions as follows:

1. Q. Would you rather be beautiful or good?  
A. Beautiful. I can always repent.

Actually, three notrump should have gone down at all four tables, but the defense failed to function in the most approved style at three of the tables.

When Mary Jane Farrell and Peggy Solomon were East-West for the United States, they cooperated perfectly to induce declarer's defeat.

To begin with, Mrs. Solomon's opening lead was the king of diamonds, a good shot that was likely to tell her what to do next after dummy appeared. Mrs. Farrell liked the lead very much and signaled for a continuation by playing the nine.

Mrs. Solomon dutifully led the A-J of diamonds and Mrs. Farrell made the star play of overtaking the jack with the queen and shifting to a heart. As a result, declarer went down one. South went up with the ace, cashed the ten of diamonds and six spade tricks, but then had to give up the ghost.

At the three tables where declarer made the contract, the first three plays by West were also the A-K-J of diamonds, but in each case East failed to overtake the jack with the queen. West thus remained on lead at trick four and could do absolutely nothing to stop declarer from taking nine tricks.

Q. Do you seek boy friends who have taken advanced English courses?

A. No. The ones I've met seem to end every sentence with a proposition!

## Factographs

Treason is the only crime clearly defined by the U.S. Constitution.

The name of the black widow spider refers to the female's practice of eating the male.

Twin City  
News

ST. JOSEPH, MICH. MONDAY, JULY 13, 1970

**ARREST STRIKER:** One of three men arrested early today by St. Joseph police on charges of disorderly conduct is taken away from Whirlpool picket line by an officer. The arrests and one injury came in a clash between police and picketing strikers at Whirlpool St. Joseph division's plant in St. Joseph as police attempted to clear a plant driveway. Strikers and police were out in force because of a back to work effort slated to start with today's first shift. (Staff photos)

**DRIVE THROUGH LINE:** Cars carrying workers crossing picket line swing into the driveway to Whirlpool's St. Joseph division plant in St. Joseph before 7 a.m. The workers were among a group returning to work despite a strike by IAM union. A confrontation between police and strikers erupted into a clash about 7 a.m. The driveway was cleared and kept clear of marching pickets until 8:15 a.m. A caravan of 17 cars bearing the workers left the plant about 8:10 a.m. en route to work stations in other plant buildings.

## THREE ARRESTED, ONE HURT AT WHIRLPOOL PICKET LINE

One person was injured and three others arrested early today in a clash between police and pickets at the Whirlpool St. Joseph division plant in St. Joseph.

The pickets and police were out in force because of a back-to-work move slated to start with today's first shift.

The pickets are members of Local 1918, International Association of Machinists and Aerospace Workers (IAM) which represents the division's 1,800

production workers. The union struck the firm May 11 in a dispute over a new contract. 75 CROSS LINE

Union members estimated about 75 employees, mostly college-age men, crossed the picket line. An estimated 300 pickets were gathered about the driveway leading into the plant.

Fifty officers from St. Joseph, Berrien county sheriff's department and Benton township were present to maintain order.

The clash erupted as officers moved pickets back from the driveway to allow cars to enter. The person injured was in the rank closest to officers.

Taken to Memorial hospital, St. Joseph, was Chuck Neidlinger, 25, Route 1, Bridgman. He was struck in the stomach with a riot stick and hit in the face, according to an eye witness reporter.

Arrested on charges of disorderly conduct were Jimmy Wayne McLean, 26, Rosemary Beach, Stevensville; Thomas Oliver Billington, 49, Route 2, Hollywood road, St. Joseph; and Darrell Burke, 42, of 971 Ramona avenue, Benton Harbor.

St. Joseph Police Chief Tom Gillespie banned the movement of pickets across the driveway after the clash. Officers donned gas masks and advanced into the driveway en masse to clear it.

The flare-up occurred about 7 a.m. The driveway was cleared about 7:10 a.m. and remained so until about 8:15 when police withdrew.

At least two firecrackers were discharged by unknown persons among the pickets and several bottles hurled toward the police command center.

One witness said several cars which drove into the driveway hearing workers were struck. The cars had been passing through the pickets after the line was separated at police

**TAKEN TO HOSPITAL:** One striker was taken to Memorial hospital, St. Joseph, by Action Ambulance after a clash between pickets and police at Whirlpool's St. Joseph division plant. Flare-up erupted as police were clearing the driveway into the plant of picketing strikers. Chuck Neidlinger, 25, Route 1, Bridgman, was undergoing examinations in the emergency room at 10:30 a.m. One other striker was also given emergency aid later but the treatment was not injury inflicted in the clash, ambulance officials said.

### Baby Born Outside Hospital

A seven-pound, seven-and-a-half ounce baby girl was born in the front seat of a car just outside Benton Harbor's Mercy hospital early Sunday.

The new mother, Mrs. Ernest Johnson, 19, and her new daughter were admitted to Mercy hospital after the birth. Both were reported doing well today.

The baby was delivered by Gary Satterwhite and Bill Fleet of Action Ambulance who were called by Benton Harbor policeman Willie Elliott to take the woman to Berrien General hospital at Berrien Center.

#### GOING WRONG WAY

Elliott said he became involved in the case when he stopped the car bearing the mother-to-be and her husband, Ernest, 24, both of 159 Cornelius street, on Agard street. The car was going the wrong way on the one way street, Elliott said. The driver was identified as Mrs. Mary Kyles, 39, no address listed.

Elliott said he called for the ambulance when he observed the woman's condition and her

(See back page, sec. 1, col. 8)

### BH Schools Seek Tighter Discipline

#### Board To Study Policy For Students, 16 And Older

Benton Harbor board of education tonight will consider a new discipline policy covering students beyond the compulsory attendance age that ends at 16.

The proposed policy as drafted by the administration would permit a school principal "or superiors of that principal" to drop a student 16 or older from the regular day school program for certain offenses.

These are chronic tardiness or absenteeism, deviant behavior, and failing half or more of his courses at semester marking period.

The policy provides channels of appeal to the superintendent and board of education and procedures for readmission to the regular school program.

The present discipline policy provides for suspensions for various acts of misconduct or expulsion by the board of education in flagrant cases. Expulsion can be permanent. The new policy provides termination of enrollment without

**MASTER'S DEGREE:** Miss Virginia Mae Tilly, daughter of Mr. and Mrs. Martin Tilly of 5224 Tilly road, St. Joseph, earned a master of arts degree in education from Andrews university, Berrien Springs.

school of another district or approved correspondence school; or a written declaration of intent to diligently pursue studies if readmitted to the day school program.

In other business at tonight's 7:30 meeting in Bierman library at senior high, the board will elect its officers for the 1970-71 school year. Mrs. Nancy Taylor, newly elected, also will be seated for her first regular meeting.

### Car Wash Traps St. Joseph Youth

#### Police, Wrecking Crews Team In Rescue

Donald Thomas Asselin, 16, an employee at a downtown Benton Harbor automatic car wash, suffered severe injuries to his feet Sunday when he got caught in a conveyor line at work.

Benton Harbor Police Officer John Clark said the youth's feet were pinned under a roller in the line at the Standard Fill-N-Wash, 260 West Main street, for over 30 minutes.

Asselin, son of Dr. and Mrs. Dean Asselin, 2826 South Lake Shore drive, St. Joseph, was reported in fair condition today in Mercy hospital, Benton Harbor. His toes were crushed, police said.

Clark said Asselin told him he was trying to dodge the roller for fun as he had done before.

#### MOVES VEHICLES

The roller is one of a series used in the line to move cars through the automatic cleaning system. It is about six inches in diameter and about 15 inches wide.

Clark said the rollers are held against a steel base plate by railings. They are moved by chains linking them together.

According to Clark, a wedge jack was used by wrecker operators called to the scene to spread the railings and allow the roller to be raised.

Clark said a nurse from Mercy hospital, Miss Robertz Roosenberg, R.N., administered a pain relief drug to the youth while workmen were freeing him. She was brought to the car wash from the hospital by police.

Clark said the fire department, two wrecking services, Action ambulance, and additional police officers were also called. The accident occurred about 2:45 p.m.

Clark said Chester Smith, pumping gas in the service station, heard the youth call for help as he was pinned. Smith said he shut off the conveyor line and backed it up as far as possible in an attempt to free the victim.

### Girls Travel To Europe

GLENN — Two local girls — Tracy Paquin and Deb Morse — are on a one-month tour of European countries.

They flew from New York to Munich, Germany, July 8, and are touring Germany, Switzerland, the Netherlands, Italy, France and Austria.

Tracy is the daughter of Mr. and Mrs. John Paquin, route 1, Fennville, and Deb is the daughter of Al Morse of Fennville.

**PERFECT WEATHER AGAIN:** St. Joseph Art Association's Art Fair, held Sunday at Lake Bluff Park, St. Joseph, drew a crowd estimated at 20,000, and enjoyed perfect weather for the ninth

year of its nine-year existence. The event featured 120 artists from a five-state area exhibiting original works of art in all mediums.

**ART FAIR VISITOR:** Barb Hooson of Lakeshore drive, St. Joseph, a student at Lake Michigan Catholic school, studies shapes and textures of ceramic exhibit at the Art Fair held Sunday at Lake Bluff Park, St. Joseph. (Pete Mitchell photos)

# Local Couples Married In Saturday Rites

## Hake-Armstrong

## Baum-Stanley

## Easton-Ziemer

## Dorschel-Kronos

Miss Karla Marie Armstrong, daughter of Mr. and Mrs. Donald Wright Armstrong, 1269 Lane drive, St. Joseph, and Richard Carl Hake, son of Mr. and Mrs. Karl R. Hake, 188 Jamesway, Benton Harbor, were united in marriage Saturday, July 11, at St. Joseph Catholic church, St. Joseph. The Rev. Joseph McCarthy of Notre Dame officiated.

The bride's empire bell-shaped gown of silk organza over taffeta was trimmed with alecon lace and pearls and styled with a detachable cathedral train of double silk organza. A pillbox hat held her shoulder length veil and she carried a nosegay of pastel baby carnations and baby white sweetheart roses backed with lace and with satin streamers.

Mrs. James L. Rudnick, St. Joseph, was matron of honor. She chose an empire gown of lavender dotted swiss over taffeta. A lavender picture hat was her headpiece and she carried a nosegay of pastel carnations with streamers to match her dress.

Dressed identically to the matron of honor in pastel shades of blue, green, pink and yellow were the bridesmaids, Miss Karla J. Hake, sister of the groom, Benton Harbor; Miss Paula A. Armstrong, sister of the bride, St. Joseph; Miss Marsha L. Hake, sister of the groom, Benton Harbor; and Miss Donna W. Armstrong, sister of the bride, St. Joseph. Their bouquets were fashioned like the matron of honor's but streamers matched each bridesmaid's dress.

James L. Rudnick, St. Joseph, was best man. Robert L. Gray, Jonesville; Louis J. Burnett, Southgate; Kurt M. Armstrong, brother of the bride; Larry Ulery, Gregg Armstrong, also a brother of the bride; Robert Landeck and David Schulte, all of St. Joseph, ushered.

A reception was held at the St. Joseph Elks club.

MRS. RICHARD CARL HAKE  
(Karla Marie Armstrong)

The bride is a senior at Nazareth college and has been employed as a nurse at Memorial hospital. The bridegroom is a senior at Western Michigan university and presently employed at New Products corporation, Benton Harbor. He plans to attend Michigan State university's school of dentistry after graduation.

Following a wedding trip to Chicago the couple will make their home in Kalamazoo.

### DON'T OVERWASH

Prolonged agitation of your washing machine often drives dirt back into fabrics. For lightly soiled pieces, five minutes is usually enough. Never allow washer to agitate for longer than 15 minutes, even for heavily soiled articles.

St. Matthew's Evangelical Lutheran church, Benton Harbor, was the scene of the Saturday, July 11, wedding of Kathleen Denise Stanley, daughter of Mr. and Mrs. Ralph Stanley, 943 Fairlawn road, St. Joseph, and James F. Baum, son of Mrs. Fred Baum, 271 Helmar court, Benton Harbor, and the late Mr. Baum. The Rev. Kormit Biedenbender officiated.

The bride wore a classic styled gown with a chantilly lace bodice featuring a scalloped neckline and long puffed sleeves, and full skirt with over-skirt effect of state peau and detachable chapel train of matching material edged in chantilly lace. A crown of lace petals trimmed with seed pearls and crystals held her elbow length veil, and she carried a nosegay of white carnations, pink and white sweetheart roses and lily of the valley with white ribbon streamers accented by rosebuds.

Miss Renee Williams, Stevensville, was the maid of honor. The bridesmaids were Mrs. James Carr, a sister of the groom of St. Joseph, Mrs. Douglas Schick, Benton Harbor, Miss Martha Soucek, Buchanan, and Mrs. Robert Simpson, South Haven. They wore identical sleeveless floor length gowns with mandarin collars and empire bodices of pink chiffon over white taffeta with gathered skirts of pink, blue, yellow and green pastel floral chiffon. Their head-dresses were halos of pink chiffon with pink ribbon and veiling. They carried nosegays of white carnations and pink lady's breath, with white streamers.

Karen Griffith of Centerville, Ind., and Lori Koko of St. Joseph were the flower girls, and James and John Griffith of Centerville, Ind., were the ringbearers.

Allen Stanley, a brother of the bride of St. Joseph was the best man. The ushers were James Carr, St. Joseph,

MRS. JAMES BAUM  
(Kathleen Stanley)

John Soucek, Buchanan, Dan Pasrick, St. Joseph, and Michael Isabelle, Benton Harbor.

The reception was held at the Downtowner Cafeteria, Benton Harbor.

After a wedding trip to Hamlin Lake, Ludington, the couple will reside at 3001 Lakeshore drive, Apt. 223, St. Joseph.

The bride is a 1969 graduate of Benton Harbor high school and is presently employed as a personnel secretary at Inter-City Bank, Benton Harbor. Her husband is a 1968 graduate of Benton Harbor high school and attended Lake Michigan college. He is a member of the National Guard and is employed as a Homebuilders Lumber Company, St. Joseph.

Trinity Lutheran church, St. Joseph, was the scene of the marriage Saturday, July 11, of Miss Lynn Ann Ziemer, daughter of Mr. and Mrs. Paul R. Ziemer, 1841 Clearwood drive, Stevensville and Dale Frederick Easton, of St. Joseph, son of Mr. and Mrs. Glenn Easton, Fond du Lac, Wis. The Rev. Albert P. Knoll officiated.

The bride's A-line gown of silk organza was styled with empire waist and, stand-up collar and detachable train trimmed with chantilly scalloped lace. A half hat of leaves of silk organza, accented with lace, pearls, and crystals, held her bouffant veil and she carried a nosegay of white sweetheart roses and yellow daisies on a prayer book.

Miss Paula Diane Ziemer, sister of the bride, Stevensville was maid of honor. Miss Gisela Richert and Miss Lorena Siewert, St. Joseph, and Miss Lola Easton, sister of the groom, Fond du Lac, were bridesmaids.

They wore identical gowns of maize chiffon with bodices outlined with lace and green velvet ribbons. Forward hats of lace leaves centered with pearls held their bouffant veils and each carried a nosegay of white daisies with yellow streamers.

Karol Vierge and Kenneth Vierge II, St. Joseph, were flower girl and ringbearer.

Mark Sebanar, Benton Harbor, was best man. Thomas Watson, St. Joseph; Mark Ziemer, brother of the bride, Stevensville; Ronald Easton, brother of the groom, Greenbush; James Ziemer, brother of the bride, Stevensville; and Thomas Ziemer and Steven Larko, both of St. Joseph, ushered.

A reception was held in the church social hall.

The bride graduated from Lakeshore high school in 1968 and attended Lake Michigan college. She is currently employed at Whirlpool corpora-

MRS. DALE FREDERICK EASTON  
(Lynn Ann Ziemer)

tion Benton Harbor. Her husband is a 1967 graduate of Benton Harbor high school and attended Lake Michigan college where he was affiliated with Alpha Phi Omega fraternity. He is employed at Whirlpool corporation, St. Joseph.

Following a wedding trip to Canada and Northern Michigan, the couple will make their home at 1122 1/2 Michigan avenue, St. Joseph.

Miss Linda J. Kronos, daughter of Mr. and Mrs. John Kronos, 1920 West John Beers road, Stevensville and Paul R. Dorschel, son of Mr. and Mrs. William Dorschel, Jr., 5588 Donald, Stevensville, were united in marriage Saturday, July 11, at St. Paul's Lutheran church, Stevensville. The Rev. Harold Zink officiated.

The bride's gown of chantilly lace was trimmed with ruffles of lace and fashioned with a detachable cathedral length train. A halo of leaves of lace outlined with pearls held her full bouffant veil and she carried a nosegay of white feathered carnations with lavender.

Miss Susan Kronos, sister of the bride, Stevensville, was maid of honor. Her gown of orchid silk organza was outlined with a band of white lace at the high neckline, sleeves, and waist. Her short bouffant veil was held by a half hat of loops of silk organza and she carried white feathered carnations tinted in orchid.

Dressed like the maid of honor were the bridesmaids, Mrs. Larry Cary, Bridgman; Miss Marilyn Floyd, St. Joseph, and Miss Carolyn Holder, St. Paul, Minn.

Deborah Evanoff, Hammond, Ind., was flower girl.

William E. Dorschel III, brother of the groom, Detroit, was best man. Ushers were Steve Sims, Valparaiso, Ind.; Gerald Brainard, Stevensville; Larry Cary, Bridgman; John Sheffield, Stevensville, and Gary Kuball, Benton Harbor.

A reception was held in St. Paul's Lutheran church school dining room.

MRS. PAUL R. DORSCHEL  
(Linda J. Kronos)

The bride graduated from Lakeshore high school. The bridegroom graduated from Highland high school and Valparaiso Technical Institute. He is an electronic technician at Heath company, St. Joseph.

In August, following a wedding trip through the Southeast, the couple will make their home at Benton Manor townhouses.

## Houser-Wesner Vows Said

Miss Mary Wesner, daughter of Mr. and Mrs. William Wesner, 2720 Niles avenue, became the bride of Michael Houser, 814 State street, St. Joseph, son of Mrs. Joyce Jones of Waukegan, Ill., and Richard Houser, 5945 Hollywood road, Stevensville, Saturday, July 11, at First Baptist church, St. Joseph. The Rev. Charles Littman officiated.

The bride wore a gown of silk chiffon with long full sleeves, with Belgian scalloped lace outlining the neckline and cathedral train. Her floor length veil of imported illusion was secured by a camelot-style headpiece, and she carried a bouquet of white daisies.

Mrs. Robert Totzke of Stevensville was her sister's matron of honor, and wore an empire gown of silk organza over taffeta, with ruffling outlining the V-neckline and sleeves and a velvet ribbon at the raised waist. A small forward hat of pearl-centered silk organza loops secured her short bouffant veil, and she carried a crescent of green daisies.

Wearing the same style gowns were the bridesmaids, Miss Deborah Wesner of St. Joseph, the bride's sister, in yellow; Miss Rosy Brandt of St. Joseph, in pink; and Miss Sally Edmund of Benton Harbor, in apricot. All carried matching daisies.

MRS. MICHAEL HOUSER  
(Mary Wesner)

Robin Totzke of Stevensville was flower girl and Todd Totzke of Stevensville was ringbearer.

Patrick Houser, Stevensville, was his brother's best man. Ushers were William Wesner, Jr., of Brighton, the bride's brother, Rabon Simcox

of Lake Michigan Beach, and Robert Totzke of Stevensville.

A reception was held at the church Fellowship Hall.

The bride graduated from St. Joseph high school and is employed at Sears Roebuck and Company, Benton Harbor. Her husband is employed at Michigan Bell Telephone company, Benton Harbor, as a lineman.

Following a honeymoon in the Smokey Mountains, the couple will reside at 2720 Niles avenue, St. Joseph.

## Mrs. Nixon Given Membership

It was announced at the 67th annual convention of Psi Iota Xi, philanthropic sorority, that Mrs. Philip Nixon has been made an honorary member.

Mrs. Dennis Ciboch, president of the newly formed Eta Tau chapter and Mrs. Elmer Brese were official delegates from St. Joseph to the convention held in Bloomington, Ind.

Representing 128 active and 20 auxiliary chapters from five states 10,000 women have contributed \$195,000, with \$57,000 being spent on speech and hearing projects and \$28,000 spent on cultural projects.

## Detroit Symphony To Give Free Concert

Sixteen Ehrling will conduct the Detroit Symphony orchestra in an admission free concert Tuesday, July 14, at 7 p.m. in the William Stewart Music Shell at Blue Lake Fine Arts Camp, Muskegon.

The concert has been sponsored by a grant from the Collins Music Foundation of Muskegon.

The orchestra, founded in 1914, boasts 101 members, and has performed with acclaim under the baton of Ehrling since 1963. Ehrling was associated with the Royal Opera in his native Sweden, and has appeared frequently as a guest conductor and pianist with orchestras throughout

Europe. He is familiar to audiences in most major American cities as a result of travel as conductor to most of the nation's orchestras.

In the event of rain, the concert will move indoors to the new camp dining hall.

## To Meet

INDIAN LAKE — Garden Study club will meet Wednesday, July 15, with Mrs. Albert Adams, Indian Lake, at 1 p.m.

William Westrate of Cassopolis will present the program.

MRS. KENNETH WENDBERG  
(Bonita Shaddock)

BERRIEN SPRINGS — Pioneer Memorial church of Seventh-Day Adventists, Berrien Springs, was the scene Sunday, July 12, of the marriage of Miss Bonita Lee Shaddock, daughter of Mrs. Lillian Shaddock, 740 Sycamore drive, Berrien Springs, and Melvin Shaddock, Priest River, Idaho, and Kenneth Fred Wendberg, Mishawaka, Ind., son of Elder and Mrs. Kenneth Wendberg of Mio. The bridegroom's father officiated.

The bride, given in marriage by her uncle, Dr. Donald D. Snyder of Berrien Springs, wore a full-skirted empire gown of white silk organza over peau de soie, applied with the sheer full sleeves with Irish lace. A camelot headpiece secured her illusion veil with train, and she carried white stephanotis, baby's breath, and pink sweetheart roses.

Miss Terrie Shaddock of Berrien Springs was her sister's maid of honor, and Mrs. Michael Fillman of Berrien Springs was matron of honor. They wore empire A line gowns of pink polyester over peau de soie embroidered and applied with rosebuds, featuring three-quarter length puffed sleeves. Bands of matching material with pink sweetheart roses attached were their headpieces, and each carried a single long-stemmed pink rose.

Similar dresses in light aqua were worn by the

Mishawaka, Ind., was Bible boy.

Daniel Wendberg of Mio was his brother's best man. Ushers were Jack Rabidue of Grand Rapids, Leslie Franke of Cadillac, Daniel Brooks of Cedar Lake, and Philip Colburn of Berrien Springs.

A reception was held on the campus lawn at Andrews university, north of Griggs Hall.

The bride is a graduate of Andrews University academy and Andrews university, holding a bachelor of science degree in nursing. She is employed at Memorial hospital, South Bend, Ind. Her husband graduated from Cedar Lake academy and holds a bachelor of arts degree in chemistry and mathematics. He is a chemistry laboratory instructor at Indiana university, South Bend campus, South Bend, Ind.

Following a two week wedding trip in the New England area, the couple will reside at 1305 East 12th street, Mishawaka, Ind.

## Circuit

RECOVERY, INC., a self-help method for nervous persons, will hold its regular weekly meeting Wednesday, July 15, at 8:15 p.m. at the Unitarian church, 601 Main street, St. Joseph. Observers are welcome.

## MICHIGAN CITY RACIAL VIOLENCE CONTINUES

**CYCLE RIDER KILLED:** A 21-year-old South Bend woman lies dead in a westbound lane of US-12 near Three Oaks, victim of a two-part accident Sunday night. Investigators said she was run over as she lay injured in the roadway after being thrown moments before from the motorcycle on which she was a passenger. (Don Wehner photos)

**DEATH CAR:** New Buffalo post state police identified this as automobile as the one that ran over the injured South Bend woman. It also struck a motorcycle, left beside her prone form to protect her, carrying it down the road before the driver stopped his car.

Hoosier Woman Killed  
In Three Oaks Mishap

## Falls Off Cycle; Hit By Car

**THREE OAKS** — A 21-year-old woman, lying injured on US-12 after a spill from her motorcycle, was run over and killed by a passing automobile Sunday night.

Investigating state police of the New Buffalo post identified the victim as Linda Burgess of South Bend. She is the 27th person to die on highways in Berrien county in 1970.

The accident occurred on US-12 near the intersection of Avery road about midway

27

Auto Deaths  
In Berrien  
County In  
1970

between Three Oaks and Galien. It was reported at about 10:30 p.m.

**RIDING ON CYCLE**

The victim had been a passenger on a motorcycle driven by Gerald Pierce, 30, of South Bend, troopers said. They were side-by-side in the eastbound lane with another motorcycle driven by William Wilson of Mishawaka, Ind.

Pierce told the investigators that they were approached by a westbound motorist whose car was on the centerline, and in swerving to avoid a crash, he jammed into Wilson's cycle.

In the spill the woman was thrown into the westbound lane of traffic. Because she was thought to be seriously injured,

the woman was left on the pavement to await an ambulance, while Wilson and Pierce attempted to flag down traffic, troopers said.

She was run over by a westbound automobile driven by a man identified by troopers as Raymond Jerrard, 41, of 201 Sycamore street, Three Oaks.

The victim was pronounced dead at the scene by Dr. John Valantiejus of New Buffalo, deputy Berrien county medical examiner.

Police said no charges were made, adding that investigation would continue.

The body was taken to Connelly-Noble funeral home, Three Oaks, pending funeral arrangements.

Widow Of Kawneer  
Founder Dead At 96

**NILES** — Mrs. Jennie Barber Plym, 96, died Saturday at her home. She was the widow of Francis J. Plym, founder of the Kawneer company here, and matriarch of Niles' most prominent family.

Mrs. Plym resided at 1231 Topinabee road, Niles. She had been in ill health for the past two years.

She was born May 7, 1874, in Champaign County, Ill. On March 10, 1903, she was mar-

ried to Francis J. Plym in Lincoln, Neb. They came to Niles in 1907 from Kansas City, Mo. Mr. Plym died on Jan. 12, 1940.

Mrs. Plym was a member of the Women's Progressive League of Niles, the Ladies Historical society, the Niles College club, which was later called the American Association of University Women, and she was a charter member of the Niles Garden club.

Survivors include a son, Lawrence J. of Niles; a daughter, Mrs. Marion Troup of San Marino, Calif.; 10 grandchildren; and 11 great-grandchildren.

Funeral services were to be held at 2 p.m. today in the First Presbyterian church at Niles. The Rev. Donald E. Gordon, associate pastor, was to officiate. Burial was to be in Silver Brook cemetery. Memorials may be made to Fernwood, Ind.

Arrest 20  
Persons  
On SundayHighland Park  
Also Has Outbreak  
Of Business Fires

Twenty persons were arrested in Michigan City, Ind., Sunday during a second night of disorders as Negroes hurling bricks and rocks at cars roamed streets in the predominantly black north side.

Elsewhere, there was a second night of clashes in Highland Park, Mich., but a tight curfew virtually halted four days of racial violence in New Bedford, Mass.

Two nights of disorders in Michigan City brought 150 National Guardsmen to join state and local police in enforcing a 9 p.m. to 6 a.m. curfew and preventing gatherings of groups of four persons or more in off-curfew hours.

## BEGAN WITH ARREST

Police Chief Leon Shiparski said the trouble began after three blacks were arrested in a downtown tavern for disorderly conduct.

In Sunday night's disorder, police reported sporadic fire from snipers but said no one was hurt. A white man was pulled from his auto and beaten. He was hospitalized in fair condition.

About 15 per cent of the city's 38,000 residents are black.

Mayor Conrad Kominarek declared a state of emergency and imposed a 9 p.m. to 6 p.m. curfew. He banned sales of firearms, ammunition, alcoholic beverages and inflammables including gasoline, unless pumped directly into automobile tanks.

Fire Chief Rudolph Krueger said there had been major fires at a beverage plant, a boat dock, a lumber company and a cleaning establishment.

In New Bedford, police Capt. Harry Kenyon said blacks there had set up barricades on several streets in the mainly Negro section of the city's West End. The area was quite and police stayed out.

A police officer discounted a reported threat as the reason for staying out. "We're trying to work this thing out," he said.

Twelve persons were arrested for curfew violations.

Disorders began Wednesday when police arrested a Negro on a driving charge and a scuffle ensued. A Negro youth was killed and three others were injured Saturday night by shotgun blasts fired from a speeding car. Police charged three youths with murder.

## SHOOTING AT BAR

The clashes in Highland Park grew out of the fatal shooting of a Negro in white-run bar. A white bartender was arraigned on a second-degree murder charge and released on \$20,000 bail.

Police used tear gas to disperse a crowd of about 1,000 that gathered near the bar Sunday night. A firebomb thrown into the building badly damaged the interior. Another blaze burned out a grocery.

Robert Blackwell, mayor of the predominantly black community of 40,000, said police were enforcing a 9 p.m. to 5 a.m. curfew.

In Palo Alto, Calif., some 260 young persons were arrested in a confrontation over a rock music curfew. Three police officers suffered minor injuries and several windows were smashed.

Man Hurt  
In 'Practice'  
On Cycle

**NILES** — Practice made problems — not perfect — for a 25-year-old Niles man who was injured Sunday while practicing motorcycle hill climbing.

Niles police identified the injured man as Ronald E. Redman, whose condition was said to be "fair" today at St. Joseph hospital, South Bend. Police said he suffered a leg injury.

Officers said Redman was practicing hill climbing in a gravel pit behind Ballard high school in the city, and took a bad spill.

He was taken first to Pawtucket hospital, Niles, then transferred to the South Bend hospital.

**CHECKING THE DAMAGE:** A policeman stands guard in a Michigan City lumberyard Sunday after the business was heavily damaged by a fire Saturday night. A state of emergency has been declared

for this northern Indiana city of 40,000 after a night of racial disorders which included firebombings and rock-throwing by bands of Negroes. (AP Wirephoto)

Grand Junction Baby  
Killed In Auto Crash

## Five Other Persons Injured

**BANGOR** — A two-month-old Grand Junction infant became Van Buren county's 16th traffic victim for 1970 Saturday in a two car accident in Columbia township.

Archie Privett, son of Mr. and Mrs. Archie Privett, route 1, Grand Junction, was dead on arrival at South Haven Community hospital, suffering head injuries. State police from South

avenue said the accident occurred at what Trooper David Vanderwall called the "dangerous" intersection of county road 384 and county road 681 at approximately 12:45 p.m.

**FIVE INJURED**

Five other persons suffered injuries in the accident. One remained hospitalized today.

Officers said a car driven by Louis Piet, 51, Chicago, apparently pulled into the path of a car driven by Iva Marie Neidlinger, 19, Vicksburg. The Piet

car was westbound on county road 384 at approximately 25 miles per hour and the Neidlinger vehicle southbound on county road 681 at an estimated 30 miles per hour.

Piet and his wife Dorothy, 47, were released after treatment for bruises and cuts.

Mrs. Neidlinger and the vic-

South Haven  
Office Hit  
By Burglars

**SOUTH HAVEN** — Office equipment valued at \$700 was reported taken from the GTEC Cable television office, 950 Bailey avenue, over the weekend.

City police said entry was gained by breaking a window pane and unlocking a door Saturday night.

Reported missing were a color television set, an AM-FM radio, typewriter and adding machine.

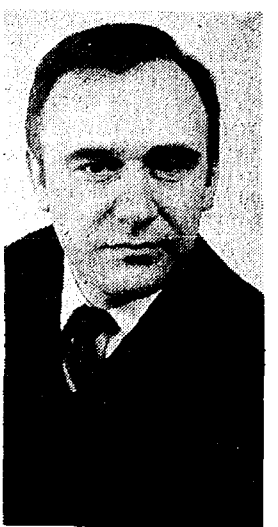

## DRIVER ACCUSED

Piet was charged with negligent homicide. He is scheduled to appear in Seventh District court today.

Archie Harold Privett, was born May 1, in Fort Mead, Md., the son of Archie and Mary Privett.

Surviving besides the parents are the maternal grandparents, Mr. and Mrs. Frank Markovich of Grand Junction and paternal grandparents, Mr. and Mrs. Harry Privett of Bangor.

Funeral services were to be held at 10 a.m. today in the Stafford funeral home, Bangor, with the Rev. Linus Ceru officiating. Burial was to be in Arlington Hill cemetery.

JAMES E. CARR

Judge Carr  
Eyes Higher  
Court Post

**COLDWATER** — Judge James E. Carr today announced his candidacy for one of two Third District State Court of Appeals judgeships to be filled in this year's elections.

Judge Carr has served as judge in the Third District court in Branch county and is a former assistant city attorney.

Judge Carr, 34, taught mathematics at Niles high school in 1962-63 after graduation from Michigan State university. He later received a juris doctor degree from the University of Minnesota.

He will be listed on the August primary ballot as a non-partisan candidate and since he and only one other candidate have filed for the Third District court bench, will automatically go on the November ballot.

The third district of the appeals court takes in all of Michigan outside of the Detroit area.

Sclerosis  
Branch Sets  
Yearly Picnic

The southwestern branch chapter of the Tri-County National Multiple Sclerosis society will hold its annual picnic Sunday, July 13.

It will begin at 3:30 p.m. at the Knights of Columbus building on Paw Paw avenue between Coloma and Watervliet.

Multiple sclerosis patients, families, friends and other interested persons in Berrien, Van Buren and Cass counties are invited to attend, according to Mrs. Elsie Klug of Buchanan, public relations chairman. Persons attending are asked to bring a dish to pass, their own table service and a prize for games. Coffee and pop will be furnished.

Unfair Labor Charges  
At Coloma Dismissed

## School District Exonerated

**COLOMA** — A Michigan Employment Relations commission trial examiner has recommended that unfair labor practices, brought against the Coloma school district by a custodians' union, be dismissed "in their entirety."

Schools Superintendent William Barrett announced the decision today. He said it followed a hearing conducted by the relations commission on June 10 in the Berrien county courthouse, St. Joseph.

The charges were filed last April 22 by Local 547, Union of Operating Engineers (A.F.L.-C.I.O.). The district's custodians voted 11-to-8 on March 13, 1969, to be represented by the union.

Agreement has not yet been reached on a contract.

Charges involved three basic points, said Barrett.

The district (namely Barrett) allegedly caused one custodian to file a decertification petition to get the union out.

The district allegedly dragged its feet in bargaining for a contract.

—The district allegedly avoid-

ed its obligations with the union by hiring, without consulting the union, part time custodial help.

Barrett said the trial examiner, Joseph Bixler, recommended dismissal of all three charges. Attorney Leonard Keller of the Detroit law firm of Keller, Thoma, McManus and Keller, which represented the Coloma district, confirmed recommendations for dismissal. He said the recommendations were prepared in a seven-page document, signed by Bixler and dated July 9.

Barrett said the union has 20 days to appeal the recommendation, if it chooses.

Reviewing the trial examiner's written recommendations, Attorney Keller said of the first charge: The custodian who attempted to decertify the union acted on his own initiative. Superintendent Barrett did not cause the action.

Barrett said the custodian asked the superintendent voluntarily how to go about with decertification proceedings.

## MEETINGS HELD

As to dragging feet on bar-

gaining, Barrett said negotiation sessions were held and followed by mediation and fact-finding, before the union filed the charges.

Barrett said the union demands were great and included five weeks vacation after five years' service along with nine paid holidays.

On the third charges of hiring part time custodians, the finding was that the state's six months' limitation period had expired. This means that six months had passed between the hiring of part time help that resulted in the charge, and the time the charge was formally filed.

HEALTH OCCUPATION  
WORKSHOP

**LANSING (AP)** — Teachers of health occupations will hold a workshop on basic teaching techniques Aug. 3-14 at Ferris State College, Big Rapids. The meeting is jointly sponsored by the college, Michigan State University, the State Department of Education and the Michigan Health Council.

# U.S. Likely To Counter Soviet Move In Egypt

WASHINGTON (AP) — The Soviet Union has sharply increased its shipments to Egypt of late, including amphibious troop-landing craft, according to Assistant Secretary of State Joseph J. Sisco.

The State Department's chief Middle East expert noted Sun-

**EARNED DEGREE:** Brian Stevenson, son of Pastor and Mrs. E. J. Stevenson of Berrien Springs, was graduated with a master of arts degree in English at Andrews University, Berrien Springs.

## Woman Tells Of Beating

Benton Harbor police today were investigating a report that a Benton Harbor woman was abducted from the city Friday night, beaten and robbed of \$10 by two men and a woman.

Police said the victim was found by a daughter about 7 a.m. Saturday on Broadway at Weld street. She had been hit about the head, they said.

The victim told police, who Regina Campbell, 36, of 1019 Pearl street, Benton Harbor.

The victim told police, who were called by the daughter, that the three forced her into a car at the K-Mart parking lot, Riverview drive, Benton Harbor. After driving around for sometime, she said they went to a cabin where she was beaten. The money was removed from her purse.

According to the victim, the trio drove her back into the city and left her. The victim said the woman with the men appeared to be an Indian about 19 years old and heavy set. Both men were white about 21 years of age.

## Man Jailed After 2 Are Shot

GRAND JUNCTION — A Grand Junction man faced charges of felonious assault today in connection with the gunshot wounding of two persons early Sunday.

Wadsworth Hall, 59, route 1, Grand Junction, was scheduled to appear in Seventh District court.

State police from South Haven said a woman who told them her name was Anna Contella, 23, Chicago, and Joe Bell, 22, South Haven, were released from South Haven Community hospital after treatment for .22 caliber bullet wounds.

Hospital authorities said the woman, who police said identified herself as Anna Contella, claimed to be the assailant's wife, Mrs. Anita Hall. She could not provide any identification.

The woman suffered a wound in the right hand near the thumb while Bell was grazed near the right shoulder and the top of his head.

Troopers said the incident, which happened at 1 a.m. Sunday, apparently stemmed from an argument. Hall was lodged in the South Haven city jail pending arraignment.

## Accused Of Wounding 2 Policemen

DETROIT (AP) — Two Detroitmen have been ordered held for trial on charges of ambushing two Detroit policemen June 28 and shooting at two other officers.

Lawrence White Jr., 28, and Michael Anderson, 22, were ordered held for trial following an examination in Detroit Recorder's Court Saturday. No date has been set for the trial.

The two are accused in the wounding of officers Richard Gordon, 24, and Norman Sclaff, 28, as they waited for a red light at an intersection on the city's east side, and firing on another police car enroute to the scene.

day the offensive nature of the landing ships, but refused to pinpoint their use for any possible Egyptian crossing of the Suez Canal against Israeli positions.

Sisco, while repeating administration determination to prevent a shift of the Middle East military balance in favor of the Arab states, refused again to say whether a decision has been made to sell additional war planes to Israel.

**SUPPORT CONTINUES**  
However, he went on, "The President has made it very clear that we intend to support the security of Israel and I think that you can take that at face value."

Sisco spoke on the NBC interview program "Meet the Press."

Sisco's cautious, if ambiguous, statement on the plane sale came as it was learned the administration has agreed to replace F4 Phantom fighter-bombers Israel has lost recently to Arab anti-aircraft guns and missiles.

Although the Defense and State departments and the White House made their usual "neither confirm nor deny" statements Sunday, government sources said Israel will get the Phantoms under a flexible program aimed at offsetting increased Soviet involvement in the Mideast.

It was indicated Israel has gotten no U.S. commitment to a specific number of the powerful jets, but at the same time there were signs the supply of Phantoms will depend in part on future Soviet moves.

This could mean that increased installations of Soviet-built SAM-2 and the more advanced SAM-3 missile sites in Egypt and the use of Russian-piloted fighters along the Suez battle lines might result in more Phantoms going to Israel.

The increased effectiveness lately of the Egyptian air defenses—three Israeli Phantoms have been lost to improved, radar-directed SAM-2 missiles this month—also will be dealt with through U.S. aid.

**JAMMING EQUIPMENT**  
It is understood American electronic equipment combat-proven in Vietnam and capable of jamming the SAM radars and radio devices is being shipped to Israel.

starting in August.

Sisco, when asked specifically about the Newweek report, came up with the familiar response: "I can neither confirm nor deny the Newweek report."

adding, "I am not going to get into details about what we are doing, or may have done, for Israel." He added there are no plans "for involvement of American forces" in the Mideast.

However, he went on, "The President has made it very clear that we intend to support the security of Israel and I think that you can take that at face value."

### LEGAL NOTICES

#### SUMMER 1970 TAX NOTICE

TAKE NOTICE that the City Taxes, also called Summer Taxes, are due and payable at the office of the City Treasurer in the City Hall from July 1, 1970, to and including September 15, 1970, and that a 4 per cent penalty will be added to all taxes remaining unpaid at September 15, 1970.

Collection of taxes is made according to property descriptions and this office attempts to send a tax statement to every taxpayer by July 1, 1970. Failure to receive such tax statement does not relieve from liability for payment of taxes.

Please bring the tax statement with you when making inquiry about or payment of taxes. It will save time for you and us.

CHARLES J. RHODES  
City Treasurer  
July 9, 10, 11, 13, 14 and 15 H.P. & N.P. Adv.
